Technical Rider and A/V Requirements

Purchaser shall provide, at purchaser's expense, the following:

1. **STAGE:** The desired performance area should measure a minimum of 12 feet wide by 8 feet deep. The performance area must be clear of obstructions such as lecterns, cables, speakers, band or DJ equipment. The surface must be smooth and level.
2. **STAIRS:** Easy access from the stage into the audience is necessary. If the stage is over 12 inches high, provide stairs on either side of the stage.
3. **SOUND:** Wireless lavalier microphone required.
4. **ACCESS:** Access must be available 90 minutes prior to scheduled meeting time to allow for sound check and set up.
5. **LIGHTING:** The existing room lighting is usually sufficient as long as the stage area is illuminated.
6. **EQUIPMENT:** Easel with large marker pad, LCD projector and screen need to be provided. Scott Deming uses his own laptop. Please also provide a sound jack to plug into Scott's laptop.
